SOFT TISSUE MANAGEMENT

Dr Ricardo Kern

18–20 March 2027

Cannes

PROGRAM

INSTITUT FIDE BONNET FORMATIONS

Dr Ricardo Kern

SOFT TISSUE MANAGEMENT

9am to 6pm

DAY 1 - 18/03/2027

Lecturing

Morning Aesthetic planning and restorative integration

• The pink and white aesthetic balance: clinical philosophy and treatment objectives

• Digital planning for surgical aesthetic rehabilitation and facial analysis

• Crown lengthening from A to Z: indications, factors affecting predictability and longterm
stability

• Coordination of surgery, wax-up, mock-up, tooth preparation, and restorative execution

Afternoon: Immediate implants in the aesthetic zone

• Biology and prosthetic principles affecting tissue stability, bone loss and peri-implant
health

• Immediate temporization in fresh sockets and grafted sites

• Implant depth, implant and abutment design, and emergence profile

• Connective tissue grafts with immediate implants and full maxillary implant cases

Social event

invitation to dinner at a restaurant

Informations will be sending to all.
